Did you know that Green Bay, Wisconsin is the smallest city in the United States to host a professional sports team? The Green Bay Packers are known around the world, and Lambeau Field is hallowed ground to most sports fans. Now that's unique. But it's the "greater" part of Green Bay that surprises most. Local and national entertainment regularly takes the stage. Artists find their inspiration here. We have botanical gardens and a zoo. Walleye fishermen think we have some of the best water. And our museums take a little different approach to making history "come alive." We invite you to explore all of Greater Green Bay. Each community boasts unique shopping, beautiful parks and great family attractions. See for yourself why it's better by the bay. For more information visit the [Greater Green Bay Convention and Visitors Bureau](#)
